

Right vs. Rite vs. Write

If two words that are homophones (words having the same pronunciation but different meanings, origins, or spelling) are already confusing enough for some, imagine if you have three. This is the case with the terms right, rite, and write. Although these words sound the same, they are very different in terms of meaning and uses. Today, we will help you distinguish between the three so you can use them correctly in your writing.

The word right can be used in a variety of ways but is most commonly functions as an adjective meaning “morally good, justified, or acceptable,” or “true or correct as a fact.”

Now that we've identified the differences between right, rite, and write, it would be easier for you to incorporate these words in your works. Keep in mind that right deals with correctness or morality, rite pertains to a custom or ritual, while write is related to composing letters or symbols. Some people write extensively about a rite they deem to be right.
